

We Are QuadReal

Headquartered in Vancouver, Canada, QuadReal Property Group is a global real estate investment, operating and development company. We were established by BCI to manage its global real estate program.

In Canada, we are an established real estate operator and developer. Globally, we invest strategically with long-term partners offering local expertise in dynamic Global Cities such as New York, London and Hong Kong. Today, our \$27.4 billion office, retail, residential and industrial portfolio spans 23 Global Cities across 17 countries—including our home, Vancouver.

We will be measured by our ability to deliver prudent growth and strong real estate investment returns.

Our success is a team effort, supported by a creative, entrepreneurial work environment that attracts and rewards exceptional talent. We focus on peerless service to tenants and residents, working with best-in-class partners, and building trusted relationships based on a foundation of respect and integrity.

Above all, we understand that our properties are more than just bricks and mortar—they are places where people live, work, shop and play. We are proud to create environments that enhance the lives of the people and communities we serve. Now and for generations to come.

VISION

To be a leading global real estate partner, recognized for making meaningful contributions to our communities while delivering strong investment returns and prudent growth. Now and for generations to come.

THE INTERNATIONAL PORTFOLIO

QuadReal oversees \$5 billion in real estate assets in global markets and over the next seven years, we expect this to grow significantly. While we continue to expand strategically in Canada, we have also identified select Global Cities around the world where we will invest in and develop commercial real estate. Our target markets include the U.S., Asia Pacific and Europe as they are large, diverse and growing. These markets provide significant opportunity to acquire and develop real estate assets that meet the need for steady, reliable, long-term yields.

Building geographic expertise in Global Cities such as New York, London, Hong Kong and Toronto is fundamental to QuadReal's active global acquisition and development strategy. While these core markets are all unique, they share an important trait: they are the world's collective heartbeat, driving economic, cultural, social and technological innovation.

OUR TEAM

From our leadership team, to those working on site, to new team members, the energy and expertise our employees bring to the table is our defining advantage. Built upon a strong foundation, guided by long-term vision, QuadReal's team is formed from diverse and complementary backgrounds in Canadian and international investment, development and real estate management.

The in-house team respects tradition and innovation in equal measure, and is empowered to act boldly and be nimble when finding solutions and achieving results.

SUSTAINABILITY

We understand what buildings mean to people, and what they contribute to each neighbourhood.

We are committed to the pursuit of excellence in sustainability across the portfolio. We will create places which promote well-being and productivity. We will recognize and monitor the impact of the portfolio we manage.

Being a leader is not only about recognition or scores, it is about sharing insights with peers and supporting partnerships. We will collaborate with our tenants, municipal and business partners and other stakeholders to advance progress in the sector as a whole.
